## JUSTICE

There's a lot of things you could do with this

You could start a fire

or read it

or act it

Or use it for notes like big notes and epic letters

That say things like "i am in love with you" or "i've always hated the shape of your eyebrows" and "i'm sorry i was a dick when i was a child"

You could read it aloud to a lover

Or yell it at a horrible person

Or you could sing it

Which is all to say i don't really care what you do with this.

I don't know what it is.

I just know i keep seeing red over and over and over

Whenever the abortion ban is alive in my head

And it's so often alive in my head

SB8.

Is it alive in your head?

Does it hurt you?

Does it swarm like bees behind your eyes

Is it like a pube in your yogurt

Does it disgust you?

It makes me want to smash mirrors

And slap frat boys

And mace pro-life protestors

And i'm not even a violent person

Is the thing

I'm not i'm so not

(and then I saw the leaked draft) (and i cried) (and the fury grew)

So i'm really worried this is how it ends

Abortion is gonna get fucked and i will have been feeling

Sad about covid and watching the office for the 40th time and trying new oat milk and then abortion is gone

And i just feel like i will hate myself if that's what happens

If i have a kid and they're like why didn't you do something and i'm like

I was Being An Artist and Oat Milk

And she's gonna be like you were such a little bitch

And i'll be like i know

it was really dumb i was really dumb

So i'm trying to do something

I am trying to be a wild woman
